

We strongly encourage you to test the badge yourself. You will not be disappointed!

Place the badge in front of an ozone generator or ionizer and observe the color change!

Ozone Dosage Chart

Use the chart below to see how long the ozone discovery badge will take to change color based on ozone concentration.

O3 Concentration	Time Required for color change
80 ppb	8-hrs
160 ppb	4-hrs
320 ppb	2-hrs
640 ppb	1-hr
1,280 ppb	30 minutes
2.7 ppm	15 minutes
5.1 ppm	7.5 minutes

Exposing this badge to 5 PPM of ozone for 7-8 minutes will result in a complete color shift!!
